

## Volunteers in California State Parks

# You'll Have the Best Time in History!

Imagine experiencing the life and excitement of another era. Are you creative, enthusiastic, motivated, and interested in the past? Do you want to share your passions with others? California State Parks offers opportunities to meet new people, improve parks, and help others. We provide the training. Volunteers in California State Parks have fun and contribute to the inspiration, education, and enjoyment of parks visitors.
